User Roles

Committee

The Committee Dashboard offers a comprehensive array of functionalities tailored to facilitate the roles of Vendors, Club PICs, and Participants. Beginning with the Registration Dashboard, the platform seamlessly manages the registration process. Additionally, it empowers efficient Bidding Items Management, ensuring a streamlined experience. Furthermore, the system excels in Classes and Attendance Management, providing a robust solution for monitoring participation and engagement.

Vendor

The Vendor Dashboard offers a suite of features designed to enhance vendor interactions. It enables seamless vendor account registration and empowers participation in bidding through a sophisticated and efficient bidding system, facilitating engagement with bid items.

Club PIC

The Club PIC Dashboard encompasses a range of essential functionalities, starting with the creation of Club PIC accounts and seamless participant registration. Beyond these core features, the dashboard extends its capabilities to include advanced options such as meal ordering, tour registration, and a comprehensive payment menu. This suite of tools collectively enhances the Club PIC's capacity to manage and facilitate diverse event-related tasks.

User Roles (2)

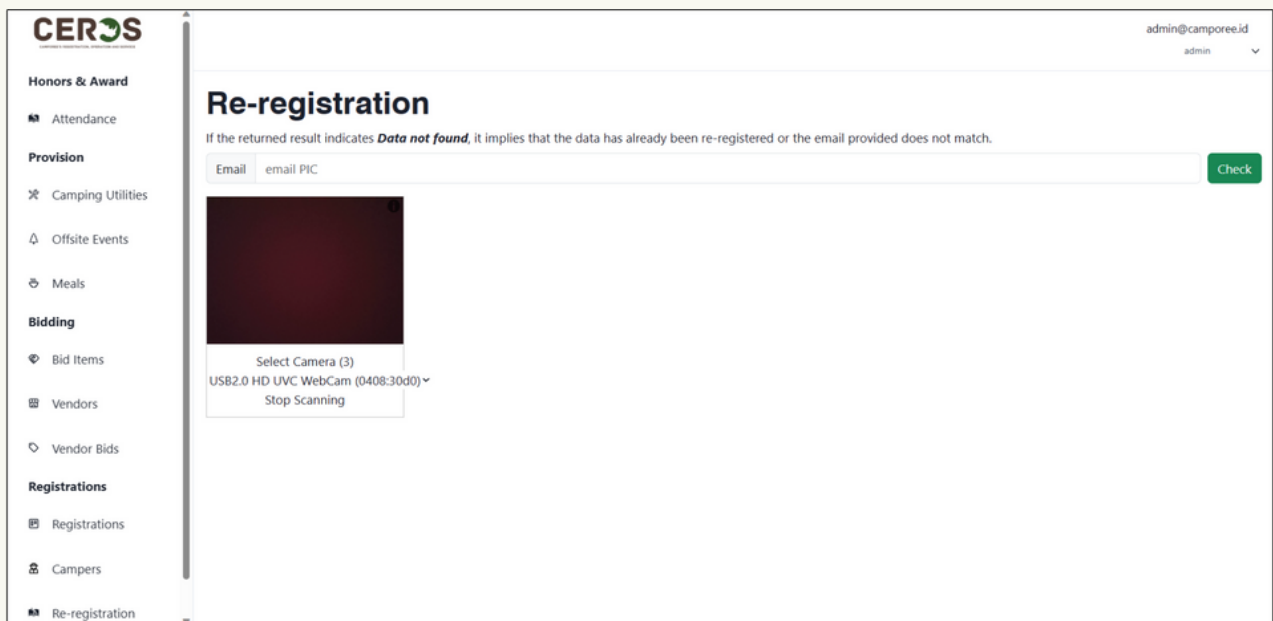

Participant

The Participant Dashboard offers a selection of pivotal features that contribute to a seamless event experience. Participants can access their QR ID and profile information. Additionally, the dashboard empowers participants to make informed decisions by facilitating the selection of classes, while also providing comprehensive attendance statistics for the classes attended.
